WELCOME

Ontario's response to the COVID-19 pandemic continues to evolve. Changes will likely occur as the province and municipalities adjust to new data about the virus. In these circumstances, please be advised that the manner of delivery of courses, co-curricular opportunities, programs and services is subject to change, in accordance with university policies. The University thanks its students, faculty, and staff for their flexibility during these challenging times as we work together to maintain the standards of excellence that are the hallmark of the University. Please check the Faculty's website regularly for updates www.kpe.utoronto.ca.

EQUITY STATEMENT

The Faculty of Kinesiology and Physical Education (KPE) is committed to providing an inclusive and welcoming environment that nurtures a culture of belonging. We strive to address and remove structural barriers in education, sport, and recreation through the cocreation of diverse and meaningful opportunities for equity-deserving communities within the Faculty's teaching, research, programs, and services. These barriers are rooted in historical and ongoing inequities including but not limited to colonialism, racism, sexism, heterosexism, ageism, classism, ableism, religious-based and gender-based discrimination. As part of an institution complicit in contributing to colonial processes, we are also committed to reconciliation by building relationships with Indigenous communities in order to learn about the diversity of Indigenous Nations, create Indigenous spaces, and enact anti-colonial practices. Grounded in an inclusive framework, we will work to co-create purposeful change with our diverse KPE communities.

COURSES: PLANNING CONSIDERATIONS

ADDITIONAL COURSE ATTEMPTS FOR ANATOMY

Students who wish to upgrade their mark in anatomy to meet minimum grade requirements for second entry programs may enrol in ANA300Y1 with the Faculty of Arts & Science. ANA300Y1 will count towards your elective course totals.

BACKWARDS PLANNING FOR SECOND ENTRY PROGRAMS

Effective backwards planning is critical for successful preparation for second entry programs. Backwards planning involves:

1. Identifying the second entry program(s) and school(s) you would like to attend.
2. Researching the admission requirements for the program(s) and school(s) you have identified.
3. Creating a set of steps and goals backwards in time to ensure you meet the requirements for your desired program. (i.e. if Biochemistry is a prerequisite determine the steps and timeline you must follow to fulfil that prerequisite)
4. Refining your plan as necessary based on new information. Revisit the admission requirements for the program(s) and school(s) you have identified frequently. Programs and requirements may change from year to year.

MASTER OF TEACHING – COMBINED DEGREE PROGRAM

The Faculty of Kinesiology and Physical Education in partnership with OISE - UT offers a combined undergraduate degree and Master of Teaching.

TIMELINES

Third year students can apply in the fall 2022 term.

Supplementary application materials must be delivered to OISE by the specified deadlines. Conditional admission to the combined program will be offered to eligible applicants in the winter term of third year.

TEACHABLE REQUIREMENTS

Two teachable subjects are required to be eligible for admission. For all KPE undergraduates Physical and Health Education will be considered the first teachable subject. The second teachable subject must meet the subject requirements published by OISE. www.oise.utoronto.ca/mt/home.html

Second teachable subjects require competition of 3-6 Full Credit Equivalents (FCEs) in the subject area. 1.0 FCE of the second teachable must be complete at the time of application to the combined degree program. Several KPE courses can count towards Biology and Social Science teachable subjects.

MASTER OF TEACHING

Students who graduate from the undergraduate program and meet the conditions of their offer to the combined program will proceed to the two-year Master of Teaching in their fifth year.

PLANNING

Early planning for combined degree and second teachable requirements is critical for a successful application. Students interested in the combined program may meet with an Academic Advisor for planning assistance.

FAQs

I'm thinking about taking 5 years to complete my BKIN, should I apply?

There is no combined degree pathway if you are considering undergraduate degree completion in more than four years. In this case it would be best to apply via the consecutive route in the final year of your undergraduate degree.

I'm entering my fourth year, can I apply to the combined program?

Fourth year students may not apply to the combined program. OISE will consider applications from fourth year students via the consecutive application route.

Will I be qualified to teach after completion of the Master of Teaching?

Students who successfully complete the Master of Teaching will be recommended to the Ontario College of Teachers for professional certification. Registration with the Ontario College of Teachers must be completed to be eligible to teach in Ontario.
