INPER	In Person meeting sections require attendance at a specific time and physical location for most or all activities.
HYBR	Hybrid meeting sections involve a mix of online and in-person interaction and require attendance at a specific time and physical location for some activities.
SYNC	Online Synchronous meeting sections require online attendance at a specific time for some or all activities. Attendance at a specific location is not required with the exception of final or interim assessments, which may require attendance at a specific physical location.
ASYNC	Online Asynchronous meeting sections do not require attendance at a specific time or location for any activities, with the exception of final or interim assessments, which may require attendance at a specific time and specific physical location.

*Definitions apply to the course as a whole (e.g., the combined experience of lecture / lab / tutorial)

Statement Regarding In-Person Learning

The University of Toronto delivers academic programs through an in-person learning environment. All students should therefore plan to attend on-campus activities in-person in order to successfully complete their program/ degree unless: (i) students have been approved by the University to participate in off-campus activities (such as study abroad or work terms), or (ii) the calendar entry for a program/degree explicitly states that no in-person activities are required.

While the University strives to maintain an in-person learning environment, the University reserves the right to alter the manner in which it delivers its courses and co-curricular opportunities in response to health and safety emergencies and public health guidance.

Recommended technology requirements for online/remote learning

The University of Toronto has identified [minimum technical requirements](#) needed for students to access remote/online learning. Institutional supports are available for any students experiencing challenges in acquiring these minimum requirements. Please contact undergrad.kpe@utoronto.ca for more information.
