**Research Inquiry Application Description**

Working Title

Rationale

Your involvement/contribution

For this proposed project, the supervisor has indicated that formal ethics protection will be formally secured via:

- ☐ The above-mentioned student-initiated protocol submission, if the research is conducted within our faculty and does not fall under an existing protocol
- ☐ 2. An existing or submitted UofT REB protocol led by the KPE faculty supervisor. Note: The supervisor can just submit a minor ethics protocol amendment to add the student name
- ☐ An external protocol (i.e., the research will take place outside the UofT REB's jurisdiction). Important note: Securing external ethics can take many months and could require an additional administrative review by the UofT REB. These protocols must be led by the supervisor. Any necessary external ethics protocol must be submitted at the earliest convenience and no later than the course enrolment deadline.  
(For ethical and pedagogical reasons, all students must submit a student-initiated ethics protocol document to the course instructor, even if a valid protocol already exists, by the "Ethics submission" date indicated on the previous page.)

REB# if applicable:

**Learning Objectives By the end of this research inquiry application the student will be able to:**

Learning Objective 1

Learning Objective 2

Learning Objective 3

Learning Objective 4

Please outline how this project differs from your KPE 390Y/KPE490Y project in terms of RATIONALE.

---

Please outline how your work/contributions in this research inquiry application differs from your KPE 390Y/490Y project in terms of METHODS.

---

---

### Meeting Arrangements with Supervisor

---

E-mail: A response is expected within (Please be specific. Example: 48 hours)

---

In person: By appointment and/or every (Please be specific. Example: weekly, bi-weekly, etc.)

---

---

Attach the email from your faculty supervisor approving the details of the research inquiry application you entered on this form.
