Minimum qualifications for this position may be found below.

Union:	USW 1998 Casual
<p><i>Are you looking for challenging, meaningful work in a supportive and diverse environment? Are you looking for a career at one of Canada's top employers? Work where the world comes to think, discover and learn. Consider a career at the University of Toronto.</i></p> <p><i>The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.</i></p>	
Rate of Pay:	\$19.50
Number of Hours per week:	Variable
Classification:	USW Casual
Summary:	<p>The successful candidate will work, as part of the Aquatics team. The Electronic Timing System Operator (the Timer) reports directly to the Pool Supervisor or Assistant Pool Manager on duty.</p> <p>Technical responsibilities include understanding and operations of an Omega timing system (Quantum units and accessories, breakers, electronic touch pads, horns, score board, strobe, computer, printer, electronic starting blocks, electronic shot clocks), as well as sound equipment (starter's mic, portable sound system, starting block speakers, synchro sound system, sound cabling etc).</p> <p>The Timer is responsible for ensuring setup and take-down of the timing and sound system prior to and after events and ensuring security of electronic equipment. During the swim meet the system is operated accurately.</p> <p>The Timer is responsible for communicating with the Pool Supervisor and the meet management to ensure that all aspects of the timing run smoothly, and to troubleshoot errors and malfunctions and attempt to find solutions, often by using basic repair skills.</p> <p>Other tasks are also performed as needed: inventory and condition of electronic timing supplies, tidying and maintaining the timing booth area and logging/reporting system repair requirements. As a member of the aquatics team, the Timer also ensures that all patrons are adhering to Ministry of Health Regulations for swimming pools and will assist in the event of a medical emergency.</p> <p>Other duties as assigned.</p>
Minimum Qualifications:	<p>Education: Some University education preferred. Preference given to U of T students.</p>
