## Project Description

### Working Title

__________________________________

### Rationale

__________________________________________

### Methods

__________________________________________

For this proposed project, the advisor has indicated that formal ethics protection will be formally secured via:

- The above-mentioned student-initiated protocol submission, if the research is conducted within our faculty and does not fall under an existing protocol.
- An existing or submitted UofT REB protocol led by the KPE faculty advisor. Note: The advisor can just submit a minor ethics protocol amendment to add the student name.
- An external protocol (i.e., the research will take place outside the UofT REB's jurisdiction). Important note: Securing external ethics can take many months and could require an additional administrative review by the UofT REB. These protocols must be led by the advisor. Any necessary external ethics protocol must be submitted at the earliest convenience and no later than the course enrolment deadline. (For ethical and pedagogical reasons, all students must submit a student-initiated ethics protocol document to the course instructor, even if a valid protocol already exists, by the "Ethics submission" date indicated on the previous page.)

### REB# if applicable:

__________________________________

## Learning Objectives

**By the end of this project the student will be able to:**

### Learning Objective 1

__________________________________

### Learning Objective 2

__________________________________

### Learning Objective 3

__________________________________

### Learning Objective 4

Meeting Arrangements with Advisor

E-mail: A response is expected within

In person: By appointment and/or every

Important Notes

1) As per the University's Grading Practices Policy, at least one piece of term work which is a part of the evaluation of a student performance and worth at least 10% of the final grade, must be returned to the student prior to the last date for withdrawal from the course without academic penalty (https://kpe.calendar.utoronto.ca/sessional-dates)

2) The Final Paper must be submitted to both the course instructor and your faculty advisor to receive your final grade in the course.
