**PRA188Y1– Required Labs/Tutorials Section Combinations for ANA126Y1Y, KPE162H1F, KPE190H1F, KPE161H1S**

Laboratory and tutorial sessions for some courses have been grouped to optimize time slots. In a given block of time you could be attending a lab/tutorial in one course one week, and another course lab/tutorial the following week.

- Students enrolling in ANA126Y1Y, KPE162H1F, KPE190H1F and KPE161HS, must choose a meeting section, i.e. P0101 or P0102 etc. for **PRA188Y1Y**.
- Review the Meeting Section times for each course before enrolling. Times for meeting sections may differ from Fall to Winter terms.
- Enroll on ACORN in **ONE** lab/tutorial section combination. Follow the schedule assigned to that section for **ALL** the courses.
- Students who for various reasons require labs/tutorials for only one or two course(s) within the combo must still enroll in their selected section but will be only attending the labs/tutorials for the course(s) that they require.
- For assistance please contact the Registrar’s Office, BN 110 or [kpe.undergrad@utoronto.ca](mailto:kpe.undergrad@utoronto.ca).

**REGISTRATION NOTES FOR YEAR I:**

- ☞ Choose and enroll on ACORN one lab/tutorial section combo
- ❶ Tutorials/labs will be explained in the first week of lectures
