3. Creating a set of steps and goals backwards in time to ensure you meet the requirements for your desired program. (i.e. if Biochemistry is a prerequisite determine the steps and timeline you must follow to fulfil that prerequisite)
4. Refining your plan as necessary based on new information. Revisit the admission requirements for the program(s) and school(s) you have identified frequently. Programs and requirements may change from year to year.

MASTER OF TEACHING – COMBINED DEGREE PROGRAM

The Faculty of Kinesiology and Physical Education in partnership with OISE - UT offers a combined undergraduate degree and Master of Teaching.

TIMELINES

Third year students can apply in the fall 2020 term. Supplementary application materials must be delivered to OISE by the specified deadlines. Conditional admission to the combined program will be offered to eligible applicants in the winter term of third year.

TEACHABLE REQUIREMENTS

Two teachable subjects are required to be eligible for admission. For all KPE undergraduates Physical and Health Education will be considered the first teachable subject. The second teachable subject must meet the subject requirements published by OISE. www.oise.utoronto.ca/mt/home.html

Second teachable subjects require competition of 3-6 Full Credit Equivalent (FCEs) in the subject area. 1.0 FCE of the second teachable must be complete at the time of application to the combined degree program. Several KPE courses can count towards Biology and Social Science teachable subjects.

Please visit the OISE website for information about second teachable requirements.

www.oise.utoronto.ca/mt/SI_Prerequisites.html

THE COMBINED FOURTH YEAR

Students who have been offered conditional admission to the combined program can take two half-courses recommended for the Combined Degree Program. These courses will count towards 1.0 FCE in both the undergraduate degree and the Master of Teaching Degree.

MASTER OF TEACHING

Students who graduate from the undergraduate program and meet the conditions of their offer to the combined program will proceed to the two-year Master of Teaching in their fifth year.

PLANNING

Early planning for combined degree and second teachable requirements is critical for a successful application. Students interested in the combined program may meet with an Academic Advisor for planning assistance.

FAQs

I'm thinking about taking 5 years to complete my BKIN, should I apply?

There is no combined degree pathway if you are considering undergraduate degree completion in more than four years. In this case it would be best to apply via the consecutive route in the final year of your undergraduate degree.

I'm entering my fourth year, can I apply to the combined program?

Fourth year students may not apply to the combined program. OISE will consider applications from fourth year students via the consecutive application route.

Will I be qualified to teach after competition of the Master of Teaching?

Students who successfully complete the Master of Teaching will be recommended to the Ontario College of Teachers for professional certification. Registration with the Ontario College of Teachers must be completed to be eligible to teach in Ontario.
